I was mistaken. The bugs aren't the intruders.

This land does not belong  
to the humans anymore.

SFX: UWAAAAAAHHH

The background is a dark, textured illustration. It features a large, dark, bowl-shaped structure, possibly a nest or a cave entrance, with a reddish-brown interior. The structure is surrounded by dark, jagged, rock-like formations. In the foreground, on a dark, textured surface, there are three glowing, yellowish-green, segmented larvae or worms. The text "This is the queen's nest." is written in a white, stylized font across the middle of the image.

This is the queen's nest.

And I'm a filthy prisoner that  
has intruded at her dinner table.

A man with dark hair, wearing a white dress shirt and a dark tie, is leaning out of a window on a high-rise building. He is looking down with a serious expression. The window frame is dark, and the background shows a blurred cityscape with other buildings and a cloudy sky. The overall tone is dark and dramatic.

One thing is certain.

This is the  
safest route that...

that bastard Choi  
found after days of planning.
